Vamshi Kumar Konduru

Front-End Developer

Email id: vamshitanz@gmail.com

Contact: 9966668561

OBJECTIVE

I am a **Front-End Developer** having **1+ year** of experience in **Web development & design planning,coding websites**. I have worked as a part of a team or independently in their projects. My goal is to improve and expand my knowledge base and then on to eventually understand more technical architecture and finer workings of enterprise applications. I am a cool minded, team player as well as individual contributor, creative thinker, fast learner and a Quick problem solver. I would like to be a great asset for the project and organization where I am working.

Project Experience

Company: Cognizant
